**The Handicaps are in Club order for the 1st Round. They will be in Grade and Club order for each of the remaining 3 rounds.**

The principles are still the same with Triples and Doubles now handicapped along with Singles.  
 The Team, Pair or Singles player with the most handicap will play either 801, 601 or 501.  
 If your handicap as a Team is 312 and your opponents are 256 the difference is 56. You will play 801 & they will play 857  
 If your handicap as a Pair is 199 and your opponents are 132 the difference is 67. You will play 601 & they play 668.  
 If your handicap in Singles is 220 and your opponent is 138 the difference is 82. You will play 501 & they play 583.  
 Remember the Team or Pair or Singles Player with the most handicap plays 801, 601 or 501.  
 Your opponents play the same plus the handicap difference.

Any Player that is not on this list can have their handicaps calculated by using the Handicap Calculator.  
 Compare the players average with the average on the calculator - Use the handicaps assigned to that average.  
 The handicaps are for Triples - Doubles & Singles. The Handicap Calculator is found on the website at [www.ssda2000.com.au](http://www.ssda2000.com.au)

New players will create an established average after 3 games, the average will be monitored by the Recorder.
